**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Honorable Board of Supervisors
County of Yolo, California

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Yolo, California (County), as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements and have issued our report thereon dated January 23, 2009. Our report refers to the County's adoption of the provisions of GASB No. 45, *Accounting and Financial Reporting by Employers of Postemployment Benefits Other Than Pensions*, GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers*, and GASB Statement No. 50, *Pension Disclosures—an amendment of GASB Statements No. 25 and No. 27*, in 2008. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of First Five Yolo Children and Families Commission, as described in our report on the County's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County's financial statements that is more than inconsequential will not be prevented or detected by the County's internal control. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2008-01 to be a significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that none of the significant deficiencies described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the County of Yolo in a separate letter dated January 23, 2009.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's responses and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Supervisors, County management and Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Vaurinek, Trinkl, Day & Co. LLP

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE
TO EACH MAJOR PROGRAM, ON INTERNAL CONTROL OVER COMPLIANCE, AND
THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
IN ACCORDANCE WITH OMB CIRCULAR A-133, AND SUPPLEMENTARY
SCHEDULE OF COMMUNITY SERVICES BLOCK GRANTS**

Honorable Board of Supervisors
County of Yolo, California

Compliance

We have audited the compliance of the County of Yolo, California (County), with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. The County of Yolo's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulation, contracts, and grants applicable to each of its major federal programs is the responsibility of the County of Yolo's management. Our responsibility is to express an opinion on the County of Yolo's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

As described in items 2008-02, 2008-03 and 2008-04 in the accompanying schedule of findings and questioned costs, the County did not comply with requirements regarding allowable cost, and special test and provisions that are applicable to its Temporary Assistance to Needy Families and Food Stamps Cluster programs. Compliance with such requirements is necessary, in our opinion, for the County to comply with the requirements applicable to those programs.

In our opinion, except for the noncompliance described in the preceding paragraph, the County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

The results of our auditing procedures also disclosed other instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as item 2008-05.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the County's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies and others that we consider to be material weaknesses.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the County's internal control. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2008-02 through 2008-05 to be significant deficiencies.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the County's internal control. Of the significant deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs, we consider items 2008-02, 2008-03 and 2008-04 to be material weaknesses.

Schedule of Expenditures of Federal Awards and Supplemental Schedule of Community Services Block Grants

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Yolo as of and for the year ended June 30, 2008, and have issued our report thereon dated January 23, 2009. Our report refers to the County's adoption of the provisions of GASB No. 45, *Accounting and Financial Reporting by Employers of Postemployment Benefits Other Than Pensions*, GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra -Entity Transfers*, and GASB Statement No. 50, *Pension Disclosures—an amendment of GASB Statements No. 25 and No. 27*, in 2008. We did not audit the financial statements of the First Five Yolo Children and Families First Commission for the year ended June 30, 2008. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as it relates to the amounts included for the First Five Yolo Children and Families First Commission, are based on the reports of the other auditors. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements.

The accompanying schedule of expenditures of federal awards and supplemental schedule of Community Services Block Grants is presented for purposes of additional analysis as required by OMB Circular A-133 and the California Department of Community Services and Development and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Board of Supervisors, County management and Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

COUNTY OF YOLO, CALIFORNIA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2008

NOTE #1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal awards programs of the County of Yolo. The County of Yolo's reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the schedule.

B. Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting except for programs recorded in the County's enterprise funds, which are presented using the accrual basis of accounting, which is described in Note 2 to the County's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

C. Relationship to Basic Financial Statements

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree, in all material respects, to amounts reported within the County's financial statements. Federal award revenues are reported principally in the County's financial statements as intergovernmental revenues in the General and Special Revenue funds.

D. Federal Catalog of Federal Domestic Assistance (CFDA) Numbers

The CFDA numbers included in this report were determined based on the program name, review of grant contract information, and the Office of Management and Budget's Catalog of Federal Domestic Assistance.

E. Food Stamps

Food stamps expenditures represent the face value of food stamps distributed in the County. They do not represent cash expenditures in the County's basic financial statements for the fiscal year ended June 30, 2008.

F. Pass-Through Entities' Identifying Number

When federal awards were received from a pass-through entity, the Schedule of Expenditures of Federal Awards shows, if available, the identifying number assigned by the pass-through entity. When no identifying number is shown, the County has determined that no identifying number is assigned for the program or the County was unable to obtain an identifying number from the pass-through entity.

COUNTY OF YOLO, CALIFORNIA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2008

NOTE #2 – AMOUNT PROVIDED TO SUBRECIPIENTS

Of the federal expenditures presented in the accompanying Schedule of Expenditures of Federal Awards, the County provided Federal awards to subrecipients as follows:

<u>CFDA No.</u>	<u>County Program Title</u>	<u>Pass-Through Entity</u>	<u>Amount</u>
17.259	Workforce Investment Act- Youth Activities	Community College Foundation	\$ 68,355
17.259	Workforce Investment Act- Youth Activities	Rise, Inc.	67,413
93.558	Temporary Assistance for Needy Families	City of Davis	2,802,856

COUNTY OF YOLO, CALIFORNIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2008

I. SUMMARY OF AUDITORS' RESULTS

FINANCIAL STATEMENTS

Type of auditors' report issued:	Unqualified
Internal control over financial reporting:	
Material weaknesses identified?	No
Significant deficiencies identified not considered to be material weaknesses?	Yes
Noncompliance material to financial statements noted?	No

FEDERAL AWARDS

Internal control over major programs:	
Material weaknesses identified?	Yes
Significant deficiencies identified not considered to be material weaknesses?	Yes

Type of auditors' report issued on compliance for major programs:

Unqualified for all major programs except for Temporary Assistance for Needy Families and Food Stamps Cluster, which were qualified

Any audit findings disclosed that are required to be reported in accordance with Circular A-133, Section .510(a)	Yes
--	-----

Identification of major programs:

<u>CFDA Numbers</u>	<u>Name of Federal Program or Cluster</u>
<u>10.551, 10.561</u>	<u>Food Stamps Cluster</u>
<u>93.558</u>	<u>Temporary Assistance for Needy Families</u>
<u>93.658</u>	<u>Foster Care Title IV-E</u>

Dollar threshold used to distinguish between Type A and Type B programs:	\$ 2,122,394
Auditee qualified as low-risk auditee under OMB Circular A-133, Section 530?	No

COUNTY OF YOLO, CALIFORNIA

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued
YEAR ENDED JUNE 30, 2008**

II. FINANCIAL STATEMENT FINDINGS

The following findings represent significant deficiencies, material weaknesses, or instances of noncompliance related to the financial statements that are required to be reported in accordance with generally accepted government auditing standards:

Finding 2008-01

YEAR END ACCRUAL AND CUTOFF

Criteria:

Proper year-end cutoff is critical for budgetary compliance and the accuracy of accrual basis accounting. Generally accepted accounting principles require that governments accrue liabilities and expenditures for most expenditures and transfers in the period in which the government incurs the liability. It was noted the County's departments are required to prepare and submit year-end accruals to the General Accounting Department as part of the closing process. The current policy requires the County's departments to submit all invoices for goods and services received prior to June 30th in excess of \$5,000 for accrual in the County's financial statements. Invoices for amounts under \$5,000 generally are not required to be submitted or accrued in the financial statements. The County does not have a similar "threshold" policy for revenue recognition.

Condition:

During our examination, it was noted that numerous accruals, primarily pertaining to liabilities for goods and services received prior to year-end, had not been accrued in the respective year-end fund general ledgers, resulting in proposed audit adjustments.

Context:

The County did not properly accrue for goods and services received prior to June 30.

Effect:

Significant adjustments were made to liabilities and expense.

Cause:

The County did not comply with the Year End Closing Manual. This manual provides the necessary instructions pertaining to the accounting for expenditure accruals.

Recommendation:

Although, it is noted that the County has a formal policy on capturing its year-end accruals, we recommend that the County implement additional procedures to ensure that all material transactions are accrued in the proper period. These procedures should include the following:

COUNTY OF YOLO, CALIFORNIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued YEAR ENDED JUNE 30, 2008

II. FINANCIAL STATEMENT FINDINGS

- Departments should be instructed to submit all invoices received for goods and services or estimate recurring monthly expenditures based on the best available information in order to ensure timely processing by the County's general accounting department.
- The general accounting department should utilize their internal auditors to perform testing procedures subsequent to the accounting year-end date to validate County departments' year-end accruals and estimates.
- Based on the outcome of these results, document and record necessary adjustments to the financial statements.

By implementing additional procedures, material transactions requiring accrual may be identified and corrected in a timely manner in order to facilitate the audit process and issuance of the County's CAFR.

View of responsible officials:

The County's Auditor-Controller's staff meets with departments annually to discuss year-end procedures. If requested Auditor-Controller staff provides additional training for year-end closing procedures. The year-end procedures are updated annually to improve year-end closing. The County's financial system does not have an accounts payable module. Instead the Auditor-Controller's staff relies on departments to follow other procedures to capture accounts payable transactions at year-end. New procedures relating to expenditures paid against encumbrances were implemented. Additional training will be provided to ensure department financial staff understand the new procedures. The year-end procedures will be updated to include an accounts receivable threshold of \$5,000.

COUNTY OF YOLO, CALIFORNIA

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued
YEAR ENDED JUNE 30, 2008**

III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

The following findings represent significant deficiencies, material weaknesses, and/or instances of noncompliance including questioned costs that are required to be reported by OMB Circular A-133, section .510(a).

Finding 2008-02

Program: Food Stamps Cluster, Temporary Assistance for Needy Families

CFDA No.: 10.551, 10.561, 93.558

Federal Agency: Department of Agriculture, Department of Health and Human Services

Passed-through: State of California Department of Social Services

Award Year: FY 2007-2008

Compliance Requirement: Allowable Costs and Activities

Criteria:

OMB Circular A-133, Sub-part C, Section 300, Part b, states that the auditee is responsible for "maintaining internal control over Federal programs that provide reasonable assurance that the auditee is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs."

Internal control means a process, developed by the entity's management and other personnel, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: (1) Reliability of financial reporting; (2) Compliance with applicable laws and regulations; and (3) Effectiveness and efficiency of operations.

The Fiscal year 2007-2008 grant agreement with the State of California requires the County submit the County Expense Claim (CEC) for program administrative costs to the State of California on a quarterly basis for reimbursement.

Condition:

Material Weakness, Material Instance of Non-Compliance - The County submits the CEC for program administrative costs to the State of California on a quarterly basis for reimbursement. Caseworkers complete time study forms on a quarterly basis, which are compiled into a time study summary report that is used to allocate the payroll expenditures to the various federal programs in the CEC.

Of the 60 employee time study transactions selected from the quarterly time study reports for testwork, we noted 18 tested did not agree to the quarterly time study summary reports. In these 18 instances the employee's total allocable and nonallocable hours per the time study summary report did not agree to the employee's payroll information, which resulted in a total of 46.5 hours in question from the sample selected.

Questioned Costs:

Our sample resulted in known questioned costs of \$6,136.

COUNTY OF YOLO, CALIFORNIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued YEAR ENDED JUNE 30, 2008

III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Context:

The condition noted above was noted during our testing procedures over allowable cost/activities.

Effect:

As a result of these discrepancies, the ratios used to allocate payroll expenditures to the various federal programs in the CEC, which are derived from the data in the time study summary reports, could result in inaccuracies of allocated costs.

Cause:

The appropriate level of monitoring was not administered by the department, sufficient to prevent, detect and correct the discrepancies between the time reported for the CEC and the exception based time card prepared by the County employees.

Recommendation:

We recommend that the County review the current preparation process for the quarterly time summary reports and implement formal reconciliation and review procedures of the payroll records and the time study reports in order to ensure the accuracy of the time study summary reports. This preventive control will help ensure that the amounts claimed for reimbursement for each of the federal programs included in the CEC are accurate.

Views of Responsible Officials and Planned Corrective Actions:

The Yolo County Department of Employment and Social Services is in the process of updating our payroll policy to require supervisors to retain copies of their staff's timesheet or other accurate tracking time tracking method, such as calendars, electronic calendars so that the record of time indicated on timesheets can be compared with time studies. Along with that, the Financial Management Division will not allow any hand written corrections to the time studies by either the worker or the supervisor. Instead the time studies will be sent back to the supervisors for corrections and a revised timestudy to be signed by both the worker and the supervisor. As a result of the audit, the payroll office is now indicating when a timesheet is created for internal administrative purposes only. Financial Management Division will also conduct periodic audits of timesheets and time studies to ensure accuracy. This new policy will be implemented May 1, 2009 for the 4th Qtr CEC.

COUNTY OF YOLO, CALIFORNIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued YEAR ENDED JUNE 30, 2008

III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Finding 2008-03

Program: Food Stamps Cluster

CFDA No.: 10.551 and 10.561

Federal Agency: Department of Agriculture

Passed-through: California Department of Health Services

Award Year: FY 2007-2008

Compliance Requirement: Special Tests and Provision - ADP System for Food Stamps

Criteria:

The March 2008 Office of Budget and Management (OMB) OMB Circular A-133 Compliance Supplement requires that the County utilize the Income and Eligibility Verification System (IEVS) to verify eligibility using wage information available from such agencies as the agencies administering State unemployment compensation laws, Social Security Administration, and the Internal Revenue Services to verify income eligibility and the amount of eligible benefits. The State of California has used IEVS since 1987 to verify income information received from applicants and recipients.

In addition, it requires that the County (1) accurately and completely process and store all case file information for eligibility determination and benefit calculation; (2) automatically cut off households at the end of their certification period unless recertified; and (3) provide data necessary to meet federal issuance and reconciliation reporting requirements.

Condition Found:

Material Weakness, Material Instances of Non-Compliance - In establishing a new case, the client is certified to receive benefits for a one-year period (certification period). No benefits are to be issued after the certification period end date. The client must go through the recertification process in order to continue receiving benefits. The intake and certification process requires that information contained on the SAWS 1, SAWS 2 and SAWS 2A be obtained to determine eligibility. During the annual recertification period, the client must submit to the County's Human Services Agency (HSA) a DFA 285-A1 form. The DFA 285-A1 form, if completed, is then processed for input into the CALWINS welfare database system.

Of the 40 cases selected for test work, we noted the following:

- 2 cases where supporting documentation was not available to demonstrate income verification was performed through the Income Eligibility Verification System (IEVS)
- 3 cases where the IEVS reports were not signed by the caseworker or approved by a supervisor
- 12 cases where various supporting documents including the SAWS 1, SAWS 2 and SAWS 2A were not on file
- 5 cases where the intake PAS review was not performed
- 4 cases where the DFA 285-A1 were not on file
- 1 case where the recipient's social security card information was not in the case file or in the CALWIN system

Questioned Costs:

Our sample resulted in known questioned costs of \$50,143.

COUNTY OF YOLO, CALIFORNIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued YEAR ENDED JUNE 30, 2008

III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Context:

The condition noted above was noted during our testing procedures over Special Tests and Provisions.

Cause:

The condition is primarily caused by the County not following its established policies and procedures to ensure that compliance requirements are met.

Effect:

Case data may not be current in the case file or the system, which could lead to initial and continuation eligibility errors, inaccurate benefit calculations, and benefit overpayments. If required forms are not properly obtained from clients case data may not be current in the system, which could lead to eligibility continuation errors, inaccurate benefit calculations, benefit overpayments, and increased error rates for the County. This situation could also result in potential fines from the State of California for excessive error rate percentages.

Recommendation:

We recommend that the County clarify its established policies and procedures with regard to initial and ongoing eligibility determination, required adjustments to benefits, required documentation, maintenance of participant files, and ensure that such policies and procedures are formally documented and strictly adhered to by County personnel.

Views of Responsible Officials and Planned Corrective Actions:

Management has reminded eligibility staff of the proper procedures for eligibility determination and documentation via two memoranda which are also posted on the department's intranet.

Lead workers conduct 100% review of all intake cases. Additionally, 5 completed re-determination cases are pulled monthly from each eligibility worker for review. Compliance is tracked by supervisors as part of workers' overall accuracy rates.

COUNTY OF YOLO, CALIFORNIA

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued
YEAR ENDED JUNE 30, 2008**

III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Finding 2008-04

Program: Temporary Assistance for Needy Families

CFDA No.: 93.558

Federal Agency: Department of Health and Human Services

Passed-through: California Department of Social Services

Award Year: FY 2007-2008

Compliance Requirement: Special Tests and Provisions- Income Eligibility and Verification System

Criteria:

The *March 2008 Office of Budget and Management (OMB) OMB Circular A-133 Compliance Supplement* requires that the County utilize the Income and Eligibility Verification System (IEVS) to verify eligibility using wage information available from such agencies as the agencies administering State unemployment compensation laws, Social Security Administration, and the Internal Revenue Services to verify income eligibility and the amount of eligible benefits. The State of California has used IEVS since 1987 to verify income information received from applicants and recipients. In addition, the *OMB Circular A-133 Compliance Supplement* outlines people receiving benefits must cooperate with Child Support Services.

Condition:

Material Weakness, Material Instances of Non-Compliance - Caseworkers are required to utilize the Income Eligibility Verification System (IEVS) to verify the eligibility of individuals to receive TANF benefits. The IEVS reports are required to be signed by the caseworkers to evidence their review of income eligibility. Caseworkers are also required to reduce benefits by 25% for non-cooperation with Child Support Services.

Of the 40 TANF case files selected for testwork:

- 14 cases where supporting documentation was not available to show income verification was performed through the Income Eligibility Verification System (IEVS).
- 2 cases where the IEVS reports were not signed by the caseworker or approved by a supervisor.
- 1 case where benefits were not reduced by 25% for not cooperating with Child Support Services, which resulted in question costs of \$416.

Questioned Costs:

Our sample resulted in known questioned costs of \$95,648.

Effect:

The County may not be in compliance with special test and provision requirements set forth in *OMB A-133 Compliance Supplement*

COUNTY OF YOLO, CALIFORNIA

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued
YEAR ENDED JUNE 30, 2008**

III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Context:

The condition noted above was noted during our testing procedures over Special Tests and Provisions.

Effect:

The County risks non-compliance with special test and provision requirements set forth in *OMB A-133 Compliance Supplement*

Cause:

The eligibility workers (EW) did not document their use of IEVS or properly sign and date the IEVS matching report. In addition, the EW did not take the appropriate steps to reduce benefits for non-cooperation with Child Support Services.

Recommendation:

A supervisor or caseworker should periodically review a sampling of case files to ascertain that the IEVS reports exist and are properly signed to ensure compliance with the federal eligibility requirement. In addition, case files should be reviewed for compliance with Child Support Services.

Views of Responsible Officials and Planned Corrective Actions:

Lead workers review 100% of all intake cases and 5 re-determination cases per month. One of the focuses of the review is to ensure that appropriate IEVS reports are on file or in the CalWIN system and have been signed and dated (if hard copy) or marked as processed (if electronic copy only). They are making sure that workers documented that the report was processed. Compliance is being tracked by supervisors as part of workers' overall accuracy rates.

The IEVS function was updated in the CalWIN system with Release 19. Currently a new IEVS policy/procedure is being drafted. Once approved, it will be shared with staff and posted on the department's intranet.

COUNTY OF YOLO, CALIFORNIA

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued
YEAR ENDED JUNE 30, 2008**

III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Finding 2008-05

Program: Temporary Assistance to Needy Families

CFDA No.: 93.558

Federal Agency: Department of Health and Human Services

Passed-through: California Department of Social Services

Award No.: CFL 01/02-24

Award Year: FY 2007-2008

Compliance Requirement: Eligibility

Criteria:

The *March 2008 OMB Circular A-133 Compliance Supplement* requirements for Eligibility require that the pass-through entity determine client eligibility to provide reasonable assurance that amounts are provided to or on behalf of eligible clients in accordance with federal requirements.

Per the Eligibility Assistance Standards Manual section 40-181, I(k), "Documents and/or evidence required of the applicant/recipient to support the initial and/or continuing determination of eligibility must be received by the County on or before the appropriate deadline established by the county and/or in conjunction with each Eligibility Chapter or these regulations." Also, redeterminations are required to be completed at least once every twelve months per the EAS manual, section 40-181.2.

Condition Found:

Significant Deficiency, Instance of Non-Compliance - Of the 40 cases selected for eligibility test work, we noted the following:

- 1 case where the quarterly status reports (QR7) was missing from the case file.
- 1 case where the SAWS 1 was not signed by the client.
- 12 cases where the 60 month calendar (YC477) was not on file or not filled out by the case worker.
- 1 case where benefits were issued over the allowable 60 month period, which resulted in question costs of \$298.

Questioned Costs:

Our sample resulted in known questioned costs of \$298.

Context:

The condition noted above was noted during our testing procedures over Eligibility.

COUNTY OF YOLO, CALIFORNIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Continued YEAR ENDED JUNE 30, 2008

III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Effect:

Case data may not be current in the case file or the system, which could lead to initial and continuation eligibility errors, inaccurate benefit calculations, and benefit overpayments. When the SAWS 1 form is not signed by the participant, there is no certification by the participant that the information provided on the form is accurate and complete which may result in the County providing aid to ineligible participants. As such, the County risks non-compliance with Federal and State program eligibility requirements and would be subject to sanctioning by these grantor agencies, resulting in it loss of funding.

Cause:

This is primarily due to lack of secondary oversight to ensure that all forms are completed and signed prior to granting aids.

Recommendation:

We recommend that the County clarify its established policies and procedures with regard to initial and ongoing eligibility determination, required adjustments to benefits, required documentation, maintenance of participant files, and ensure that such policies and procedures are formally documented and strictly adhered to by County personnel.

Views of Responsible Officials and Planned Corrective Actions:

Management has reminded eligibility staff of the proper procedures for eligibility determination and documentation via two memoranda which are also posted on the department's intranet.

Lead workers conduct 100% review of all intake cases. Additionally, 5 completed re-determination cases are pulled monthly from each eligibility worker for review. Compliance is tracked by supervisors as part of workers' overall accuracy rates.

COUNTY OF YOLO, CALIFORNIA**SCHEDULE OF PRIOR YEAR AUDIT FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2008**
